ARYAN MISHRA

Bengaluru, Karnataka

📞+91 9650087025 ✉ aryanofficial0854@gmail.com 🔗Linkedin ○ GitHub 💼 Portfolio

Profile Summary

B.Tech student in AI and ML with hands-on experience in full-stack development, data science, and ML projects. Skilled at building scalable solutions and contributing to end-to-end product development.

Work Experience

Xtelify Limited, Bangalore Karnataka   **Aug 2025 - Oct 2025**

- Conducted data-driven research projects under expert mentorship, delivering insights and recommendations while gaining professional development in data science.

Gaia Smart Cities Solutions Pvt Ltd, Nerul Navi Mumbai   **July 2025 - Oct 2025**

- Developed IoT-based smart city solutions, enhancing technical skills and contributing to live projects. Delivered impactful outcomes while gaining hands-on experience in digital transformation.

ScanPick, Bangalore Karnataka   **Oct 2024 - May 2025**

- Built responsive full-stack applications, enhancing user experience and functionality

Subhansh sewa trust, bareilly UP   **May 2024 - June 2024**

- Coordinated activities to raise funds, creating measurable social impact.

Projects

- **PIB Press Release Automation Project**

Built an AI-powered platform to transform PIB press releases into engaging videos using copyright-free media. Incorporated approval workflows for officers and automated publishing to social media platforms, enhancing accessibility and user engagement.

- **Web-Based SQL Database Management Dashboard**

Developed a platform to connect SQL databases via hostname and credentials, displaying real-time server and database statistics. Integrated features for performance monitoring and heavy process termination, functioning similarly to a task manager.

- **Face Recognition Project**

Developed a website using Python, OpenCV, and Raspberry Pi for tracking missing persons through Aadhaar-enabled biometric data. The project helps reunite families by leveraging India's biometric verification system. Awarded Best Societally Relevant Project for significant societal impact.

- **NSS Volunteer Activities**

Actively volunteered with NSS for social campaigns, including Cancer Awareness, Harithvam (Green India initiative), and School Bell (education drive). Earned medals in NSO and IMO. These initiatives reflect a strong commitment to community-driven impact alongside academic excellence.

Certifications

- **OneRoadMap:** Data Analyst
- **Google:** Google Ads Certification
- **Oracle:** Oracle Foundation Associate
- **Deloitte:** Data Analytics Job Simulation
- **Google:** Google Analytics Individual Qualification
- **Skill Up:** Machine Learning
- **Skill Up:** Artificial Intelligence
- **Innovation Expo:** Raspberry Pi
- **Linux Foundation:** Linux Kernel Development
- **TCS:** TCSION Career Edge-Young Professional

Technical Skill

Languages / Programming & Scripting: C, CSS, Java, HTML, Python, JavaScript,
Frameworks / Technologies / Tools: Full-stack development, AI/ML applications, database management, Git / version control, relevant libraries / frameworks (e.g. Flask, Django, React, etc.), deployment / cloud tools, etc.
Data / Analytics / AI: machine learning pipelines, data preprocessing, model training, evaluation, etc.

Education

Presidency University, Bengaluru   **November 2022 - July 2026**

Pursuing a Bachelor's degree in Computer Science and Technology, spl in AI & ML
